Monitoring Priority: Early Intervention Services In Natural Environments		
1. Percent of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner. (20 USC 1416(a)(3)(A) and 1442)	<p>Data Source:</p> <p>Data to be taken from monitoring or State data system and must be based on actual, not an average, number of days. Include the State's criteria for "timely" receipt of early intervention services, i.e., time period from parent consent to IFSP services initiation date.</p> <p>Measurement:</p> <p>Percent = # of infants and toddlers with IFSPs who receive the early intervention services on their IFSPs in a timely manner divided by the total # of infants and toddlers with IFSPs times 100.</p> <p>Account for untimely receipt of services.</p>	<p><i>When data is taken from State monitoring, States must describe the method used to select EIS programs for monitoring.</i></p> <p>Lead Agencies should describe the results of the calculations and compare the results to their target when services are initiated according to the IFSP.</p>
2. Percent of infants and toddlers with IFSPs who primarily receive early intervention services in the home or programs for typically developing children. ² (20 USC 1416(a)(3)(A) and 1442)	<p>Data Source:</p> <p>Data collected for reporting under section 618 (Annual Report of Children Served).</p> <p>Measurement:</p> <p>Percent = # of infants and toddlers with IFSPs who primarily receive early intervention services in the home or programs for typically developing children divided by the total # of infants and toddlers with IFSPs times 100.</p>	<p><i>Sampling from State's 618 data is not allowed.</i></p> <p>Lead Agencies should describe the results of the calculations and compare the results to their target.</p>
3. Percent of infants and toddlers with IFSPs	Data Source:	<i>Sampling of infants and toddlers with IFSPs is allowed.</i>

¹ Monitoring Priorities, indicators, and measurements included on the *Part C Indicator Measurement Table* are to be used to populate designated sections of the SPP and APR Templates. Populated templates can be found at <http://www.ed.gov/policy/speced/guid/idea/capr/index.html>

² At the time of the release of this package, revised forms for collection of 618 State reported data had not yet been approved. Indicators will be revised as needed to align with language in the 2005-2006 State reported data collections.
